

SECURITIES ARE WORTHLESS Papers in Banker Reynolds' Possession are Not Worth One Cent.

MRS. CHADWICK IS IN TOMBS PRISON

Cuyahoga Grand Jury at Cleveland Today Began Chadwick Investigation.

REYNOLDS IS HOME BUT REMAINS MUM

Celebrated Woman Hysterical—Ill in New York—Son and Lawyers Called to See Her—Latest Developments The Woman Indicted at Elyria.

Cleveland, O., Dec. 9.—(Bulletin)—The alleged securities of Mrs. C. L. Chadwick, which have been in the possession of Banker Iri Reynolds were opened today. Their face value was \$5,000,000. Their actual value was found to be not one cent.

Cleveland, Dec. 9.—Banker Iri Reynolds, involved in the Chadwick case, has returned from New York. He still refuses to discuss the case.

Cleveland, O., Dec. 9.—The Cuyahoga county grand jury this morning took up the investigation of the Chadwick case.

Banker Iri Reynolds, the man Mrs. Chadwick said was in possession of valuable securities belonging to her, has returned home and has been summoned to appear.

Cashier Spear and Director Whitney of the Oberlin bank, were the only witnesses at this morning's session. After their testimony a recess was taken.

New York, Dec. 9.—Mrs. Chadwick spent last night in Tombs prison, and was much depressed. She is hysterical and ill. This morning her son, Emil, her maid and attorneys, Carpenter and Powers, conferred with the women in her cell and advised against her desire to waive examination and return to Cleveland for a hearing. It is believed the woman will insist, hoping to secure bail in Cleveland.

Fearing that she might attempt to take over life, a close watch is being kept over Mrs. Chadwick. Thus far, however, she has given no indication that she contemplated such action.

This morning she made her toilet as best she could in the narrow confines of the cell, and later was persuaded to order breakfast. The keeper sent to her caterer, Jones, who is known as the "Tombs Delmonico." She ate very little, the greater portion being removed from her cell untouched. She then expressed a desire to read the morning papers and Caterer Jones brought her a copy of each. She spent the remainder of the morning hours in reading them.

According to Warden Flynn, Mrs. Chadwick appears to be in a semicomatose condition. She acts like a person dazed.

Mrs. Chadwick may be expected back in Cleveland within 38 hours or perhaps even sooner. She today wishes to brush aside whatever legal procedure may be necessary in New York and have her examination before the United States authorities in Cleveland where she hopes that her old friends will rally to her side, rather than here.

In this matter also it appears that Mrs. Chadwick is acting independent of her counsel for it was her son who left the Hotel Breslin this morning and went directly to the office of United States Marshal Henkel. There to confer with him as to the proper means of carrying out his mother's wishes.

Marshal Henkel told the boy that it was quite easy to arrange for the return of Mrs. Chadwick to Cleveland. If she so wished it, and told him briefly the usual procedure under the federal law for quickly bringing about his mother's desire. The commissioner explained that all Mrs. Chadwick had to do was to write him a note,

asking that her examination, set for December 17, be waived, and that she would like to return to Cleveland and have the examination held before the United States commissioner for the Northern District of Ohio. The commissioner also advised the boy that in his opinion this was the best thing his mother could observe as it would be impossible for Mrs. Chadwick to secure bail in this city.

The meeting of mother and son in prison was almost as affecting as their parting at the prison door last night. Emil threw his arms about his mother's neck and kissed her again and again. "She pressed him close to her, but kissed him gently."

Emil told his mother of his conference with the United States officials and explained the method of procedure to her. The boy and the maid remained in Mrs. Chadwick's cell for nearly an hour.

In the United States district attorney's office, there was still some little expectation today that Mrs. Chadwick's attorney might be able to secure bondsmen.

FORGERY CHARGE

Receiver Lyons Will Go to Cleveland to Take Action Against the Woman.

New York, Dec. 9.—Receiver Lyons of the Oberlin bank, which recently closed its doors, said that he would leave for Cleveland, where criminal proceedings will be taken against Mrs. Chadwick. He said he had been in communication with Prosecutor Sullivan of Cleveland, and that developments in the case against Mrs. Chadwick might be looked for. As to the exact nature of these he declined to make a statement. Asked if any communication had been held with Mr. Carnegie here in this city, he admitted that certain communications had been passed. From another source it was learned that in the communications in New York between Mr. Carnegie and representatives of the Oberlin bank, Mr. Carnegie denied absolutely that he had signed the notes which have figured in the case as the Carnegie notes, and denied that he knows or ever saw Mrs. Chadwick. The same authority said that the Ohio proceedings would be in the nature of action on charge of forgery.

PROMINENT MEN

Involved With Beckwith—The Oberlin Banker Makes a Statement to an Officer.

Oberlin, O., Dec. 9.—United States Marshal Frank Chandler spent the entire day with his private stenographer at the Beckwith home. He received a detailed statement on the bank failure situation from the distracted banker, in which Mr. Beckwith makes a full confession of his implication in the deal. The statement covers several thousand words. Marshal Chandler admitted this much.

When asked if he would disclose the contents he replied: "No. I am not in a situation at present to do so. I can only say that the confession is the most startling that has yet been made, and, if it is genuine, it will be of much importance. You see, I don't know how much truth there is to it at present, and since it vitally concerns several very prominent Eastern men it

would not be advisable for me to say anything. In time the people will know it all and nothing will be concealed. I shall leave here today for Toledo to consult with United States District Attorney J. J. Sullivan."

WOMAN INDICTED

Elyria Grand Jury Accuses Mrs. Chadwick With Obtaining Money Under False Pretenses.

Cleveland, O., Dec. 9.—The Lorain county grand jury adjourned at Elyria after having voted to indict Mrs. Chadwick on the charge of having obtained money under false pretenses in Lorain county. Oberlin is in Lorain county. The report of the jury will not be officially rendered until Saturday. Prosecutor Stroup advised such a procedure. The jury is also looking into the rumors of a wholesale scheme to defraud. The connection of a New

Prosecutor Keeler of Cuyahoga county and the prosecuting attorney of Lorain county, Mr. Stroup, had a long conference by telephone, at the close of which Prosecutor Keeler announced that testimony had been brought before the grand jury at Elyria to the effect that the alleged Carnegie notes had been uttered in Cleveland. On this information Prosecutor Stroup has decided to drop the case as far as the Carnegie notes are concerned, and the matter is now brought directly to Mr. Keeler's attention.

BEHIND BARS

Mrs. Chadwick Now Confined in Jail. The Effort to Find Bail For Her Failed.

New York, Dec. 9.—In a scantily furnished cell in the gloomy Tombs Mrs. Cassie Chadwick passed the night. After a fruitless search for bail her attorneys gave up the fight, and Philip Carpenter, her chief counsel, stood in the corridor of the federal building at 9 o'clock Thursday night when United States Marshal Henkel threw open the double doors of his office and led the woman out on the way to prison. Mrs. Chadwick was wan, tired and almost fainting. She made her way across the hall to an elevator, leaning heavily on the marshal's arm and that of her son, Emil. Behind them came her nurse, Freda Swenson, and Deputy Marshal Kennedy. The party passed through a double row of curious people to a carriage which was in waiting on the Broadway side.

When Mrs. Chadwick was arraigned before United States Commissioner Shields she was held in \$15,000 bail, which she was unable to furnish. Lawyers representing her interests had sought in every quarter for some one owning real estate in Manhattan who would sign her bond, and the marshal had, out of sympathy for the woman, kept her in his office hours after she should have been removed. The endeavors of the lawyers were unsuccessful, rendering her imprisonment necessary. To add to her cup of woe it was learned that a charge of forgery would very likely be made against the woman in Ohio based upon the Carnegie notes and other papers given as securities for loans.

Signed by One Carnegie.

Binghamton, N. Y., Dec. 9.—Judge Francis W. Downs, a prominent attorney of this city, said late last night: "I was informed today on what I believe to be good authority that the notes passed by Mrs. Chadwick, and purporting to be signed by Andrew Carnegie, were genuine and were

GIRLS LOOK ALIKE KILLED HIS PAL

One Charges the Other With Theft of Ring

Wm. Nichols Executed in Ohio Penitentiary

AN OHIO GIRL THE ACCUSER

DIED WITH LITTLE STRUGGLE

A Chicago College Sensation in Which Miss Frances Eaton is Fair Defendant.

Condemned Man Was in the Chair Only Seven Minutes—He Was Aged 68.

Chicago, Dec. 9.—Miss Frances Eaton of Terre Haute, Ind., was arraigned before Justice Caverly in the Harrison Street Police Station, charged with stealing a diamond ring worth \$200 from Miss Nellie Hanley, her chum.

Miss Hanley is a ward of State Senator L. L. H. Austin of Toledo, Ohio, and he is assisting her in the prosecution of the case.

Miss Eaton is a member of a family prominent in Terre Haute society, and is young, handsome and talented. She formerly was a student in St. Joseph's convent, and is completing her musical education in Chicago.

The prosecution secured a continuance of the hearing, several important witnesses being present.

The girls resemble each other so closely and dress so much alike it is impossible for a stranger to tell which is accuser and which accused. The arrest and hearing in the police court revealed the inner facts of a sensation which has shaken the Young Woman's Christian Association Home on Michigan avenue to its foundations for over a month. Every effort has been made by the Y. W. C. A. manager to hide the facts since Miss Hanley, a student in the Chicago College of Music, preferred the charge of theft against her former friend.

The Home has for nearly a year been rent by scandal over the thefts of jewelry, rings and valuable articles, and the accusation against Miss Eaton brought the climax.

Miss Eaton denies the charge, and says that when the evidence is heard her innocence will be proved. According to Miss Hanley the diamond ring was stolen from her room October 28. She went to the Harrison Street Station and told the police of her suspicions, and later a warrant was sworn out. Miss Eaton was then arrested.

Miss Eaton went to the Young Woman's Christian Association to live in September. She became a fast friend of Miss Hanley. In the absence of a piano in her own room on the fourth floor Miss Eaton went to Miss Hanley's room, on the seventh floor, October 28 to practice. Miss Hanley says she left the room for a short time, and on her return found Miss Eaton gone, she asserts, and her diamond ring had disappeared.

BARBER IS GUILTY

THAT IS THE VERDICT OF JURY AT CAMBRIDGE.

Expected He Would be Convicted So the Young Cambridge Banker is Not Disappointed.

Cambridge, O., Dec. 9.—At 10 o'clock last night the jury in the Barber case returned a verdict of guilty as charged in the indictment. A motion for a new trial will be filed today.

The case was given to the jury at 2:45 o'clock yesterday afternoon. The arguments were concluded at 1:30 o'clock. The charge of Judge Mackey was long and impressive, and the attorneys for both the state and the defense expressed themselves as satisfied with the court's summing up of the case.

From one of Barber's closest friends it was learned that he had believed that the jury would bring in a verdict of guilty and had laid his plans for either an appeal or action for a new trial.

HENRIK IBSEN ILL

Copenhagen, Dec. 9.—Henrik Ibsen, the Norwegian poet, and dramatist, who has been ill for several days, had a relapse and is in a serious condition today.

Japan in Peace Conference.

Washington, Dec. 9.—Japan has accepted the American government's invitation to participate in a second peace conference at The Hague, providing the ruins of the conference should not affect the present conflict. The Japanese reply was presented to Secretary Bay by Mr. Hiroki, the Japanese charge d'affaires.

Columbus, O., Dec. 9.—From a mechanical standpoint the electrocution of William Nichols early this morning proved satisfactory to the penitentiary officials. The condemned man died with but little struggle and was in the chair only seven minutes. He was led into the annex at 12:02, the current was turned on at 12:04, and at 12:11 he was dead. He was 68 years of age and the oldest man ever electrocuted in the state of Ohio. Nichols suffered the extreme penalty for the murder of Alfred Minard near Kenton, O., July 28, 1933. In his confession made last week Nichols related the story of the crime. He said: "Minard and I lived together about 40 days in the marshes near Kenton. He had some money, about \$100, and we gambled for it and I won it. On July 28, 1933, we were pretty drunk, and went to Alger, a small town near Kenton, and drank some more. On the way back to the cabin we came to the forks of the road, one leading to McGuffey, another small town, and Minard wanted to go there and get more liquor, but I dissented. Finally we sat down under a tree and began to gamble. He had no money, but put up a gold watch against a \$10 bill, and I won the watch. We got into a quarrel and he struck me on the left arm with a club, and then pulled a gun. He shot at me twice, one bullet going through my left shirt sleeve. In self-defense I hit him in the head with a stone and then shot at him, the second shot killing him. I left him lying there and never saw the body again."

PROSECUTOR

SAYS LEADING WITNESSES ARE STILL FUGITIVES.

Second Jury for the Trial of Nan Patterson Selected, and a Start is Made.

New York, Dec. 9.—The taking of testimony in the second trial of Nan Patterson, charged with the killing of Bookmaker Young, was begun before Justice Davis today. It is thought the trial will be completed by Christmas. Several witnesses testified this morning and the testimony was entirely similar to that of the previous trial, no new points being raised.

New York, Dec. 9.—After John J. Benedict had been removed from the jury box by Justice Davis in the criminal branch of the Supreme court, the two jurors to complete the panel in the trial of Nan Patterson for the murder of Caesar Young were chosen yesterday afternoon and Assistant District Attorney Rand at once began his opening statement.

Miss Patterson was the only woman in the court room when the prosecutor opened.

Mr. Rand repeated the charges he made at the former trial, which was brought to a sudden end by the illness of a juror.

In closing, Mr. Rand said, "He is J. Morgan Smith, and I cannot call his wife, the sister of the defendant, because they have run away. Smith is a most important witness because he is the man who bought the weapon and because he is not here I propose to show you where he ran to, who helped him to get away, and who are helping him to keep away from the detectives still hunting for him."

"I will not attempt to produce an eyewitness to the shooting. Such of the witnesses as I will produce I want you to size up because they are a queer lot."

After Mr. Levy, representing Miss Patterson, had objected to certain statements made by Mr. Rand, adjournment was taken until noon today.

BIG NEW STEEL PLANT

Is Soon to be Erected West of Newark Says Samuel Morris

PLANT TO MANUFACTURE CAR COUPLERS

This is the Purpose of the Purchase of the Shide Farm by Meses H. Neil of Columbus—Morris is Patentee of Four Car Couplers—Details of the New Company are Not Yet Ready to Announce.

Mr. Samuel Morris, former superintendent of the Newark Iron and Steel company, who is the patentee of four automatic railway car couplers, announces that a big steel plant is soon to be erected just west of Newark.

The Shide farm has been purchased and plans are well under way for the new company to begin active operations in the new future. At the present time Mr. Morris is not prepared to go into the details as to the capital of the new concern, the size of the plant or the number of employees but he gives assurance that the plant will be an important one that will do its share towards the growth and development of this thriving city.

Major Moses H. Neil of Columbus, has purchased the Richard Shide farm west of Newark, adjoining the camp grounds, the consideration being \$11,420.40.

The farm consists of 12.94 acres, and the price paid amounts to \$260 per acre.

The farm is one of the best in Licking county and is located just right for the establishment of one of the biggest steel plants in Ohio. Two trunk railways pass the land.

Samuel Morris is the patentee of four automatic railway car couplers, and Moses H. Neil of Columbus, owns a half interest in the patents.

It is the object of Neil and Morris

to build a steel plant on ten acres of the land, which plant is likely to become of mammoth proportions, for the purpose of manufacturing the patented car couplers and other steel products.

Morris and Neil are also interested in several other enterprises. The remainder of the land not used for the steel plant, is to be subdivided into residence lots, and cannot fail to be one of the most important and popular of the new additions to the city of Newark.

The intention of the firm is to erect a strictly up-to-date steel plant, with all the modern improvements and labor saving machinery. Such a plant will eventually give employment to several hundred men.

Mr. Morris' patent automatic car couplers have been fully investigated and tested by well-known experts high up in railway circles, and the devices have been pronounced to be superior to anything of the kind now in use. One of these couplers is an automatic device which enables the couplings of the cars to be made on curves in the track. This is the only device of this kind that has been patented.

Messrs. Neil and Morris are already negotiating with parties for the erection of the steel plant, which means that they propose to begin active operations in the immediate future.

Russian Warships in Port Arthur Harbor Badly Damaged by the Japanese.

CHILD LABOR

IS INVESTIGATED IN NEWARK BY OWEN R. LOVEJOY.

The Conditions Here Are Very Much Better Than in Many Places He Has Visited.

Mr. Owen R. Lovejoy of New York City, assistant secretary of the National Child Labor Committee for all the Northern states, has been engaged for some time past in especially investigating industries that employ children at night. His work has been principally confined to Pennsylvania and Ohio. For several days past he has been in Newark. He found the conditions here very much better than in many places he has visited, and believes that the Board of Education and the Trust Officer are doing all in their power to see that the law is strictly observed. During his stay in Newark he visited a number of the leading manufacturers of the city and found them all disposed to recognize the rights of childhood, and the reasonableness of recognizing child labor. A few children were found working at night, who, by their own statement, were under sixteen years of age, the minimum age for night work, according to the specified laws of Ohio. These cases will doubtless receive the attention of the Deputy Factory Inspector. Mr. Lovejoy believes that the existing conditions are largely due to the efficiency of Trust Officer Jones.

It is the purpose of the National Child Labor Committee to secure better hours regulating child labor in the states that have poor laws, and to aid inspectors and school authorities to a better enforcement in states having good laws.

DRAKE PLEADS

To Argue His Own Case Before the Board of Managers of the Ohio Penitentiary.

Columbus, O., Dec. 9.—Russell B. Drake, formerly of Tiffin, the exposure of whose marriage while out on parole, resulted in his being returned to the penitentiary by Secretary Cook of the board of managers, was asked the privilege of personally appearing before the board at its meeting this week and pleading his case. Drake claims that he had no intention of leaving the state when he was rearrested and contends that his marriage was not a violation of parole. Cook admits that his only ground for locking him up was a fear that Drake contemplated flight to Mexico.

FOR BOARD

Her Children Are Held as Security, But the Mother Will Invoke the Law's Aid

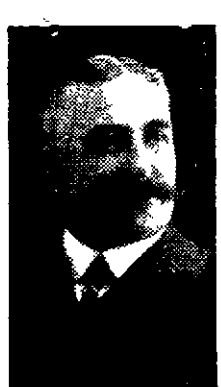

Springfield, O., Dec. 9.—Mrs. George Stone has received word from the landlord of a hotel at Lebanon, Ohio, to the effect that her children are being held to satisfy a board bill.

Mr. and Mrs. Stone separated about a year ago. He took the children and found a home for them at Lebanon, O. Stone returned home last Thanksgiving day, threatened to kill his wife and broke a window in her home. He was sent to the workhouse.

Mrs. Stone sent for the children, expecting to place them in charge of an uncle living at Akron. She is unable to pay the board bill, but will bring proceedings to get possession of the children if the landlord insists on holding them.

A POLICEMAN'S STORY

Officer Daniel J. Carey: Prevents Pneumonia by Using Father John's Medicine.

I went home one night and my throat and lungs were all filled up and I could hardly breathe. They told me if I did not get relief at once I would have pneumonia, and I dreaded that because of my great weight. I took Father John's Medicine and it eased my throat and lungs at once, and prevented a bad case of pneumonia. I took it right along and got much relief for a chronic catarrh and bronchial trouble, for when I had been unable to get any help from the best doctors in Lawrence, and all kinds of medicines that I have tried for fifteen years. I am recommending it to all policemen on the force and many of them are taking it with much benefit. I wish everybody knew of its merits. (Signed) Daniel J. Carey (Policeman), 233 Broadway, Lawrence, Mass.

BEFORE THE MAYOR

HUFF'S HEARING ON CHARGE OF HORSE STEALING

Takes Place at 3 o'clock—Ketchum Carried Counterfeit Coin—Friday's Police Slate.

Albert Huff was arrested in Zanesville Thursday and brought to Newark by Chief Sheridan. He is charged with stealing a horse and buggy belonging to Liveryman A. Stevenson, who filed an affidavit against him before Mayor Crilly Friday morning. Huff was put under \$500 bond for his preliminary hearing at 3 o'clock this afternoon.

Charles Kennedy was arrested for stealing a lap robe from a buggy belonging to Carl Martin. He was fined \$5 and costs and sentenced to the county jail for 30 days.

P. W. Ketchum was arrested by Officer Hager last night on a charge of drunkenness. He had in his possession two counterfeit half dollars which he came by while excavating a cellar in Waynesburg, Pa., about two years ago, when the laborers unearthed a kettle full of counterfeit coins. About 30 years ago an old shoemaker who lived near the spot was arrested as a counterfeiter, and it is supposed that after his arrest his wife buried the money where it was found, to destroy evidence against him. Ketchum was fined \$5 and costs for drunkenness.

Owing to ill-health G. L. Watson has had to refuse Sir Thomas Lipton's request to design another yacht to race for the American cup. William Lipton has also declined, and as a ten months' notice of the challenge must be given, it is unlikely that there will be a race this year.

JUDGE THOMPSON

Remarked That Prisoner Should Have Known Better—Devore Gets 13 Months in Prison.

Columbus, O., Dec. 9.—Earl Devore, the young bank cashier of Woodfield, O., who created a sensation some months ago by turning up in the role of a social highwayman and robbing the postoffice of his city, has been sent to the Ohio penitentiary by Judge Thompson, of the United States court, to serve 13 months. The plea of his former respectability and his social standing drew from Judge Thompson the remark that such arguments were against rather than for him, for he should have known better.

Grip Quickly Knocked Out.

"Some weeks ago, during the severe winter weather, both my wife and myself contracted severe colds, which speedily developed into the worst kind of la grippe, with all its miserable symptoms," says Mr. J. S. Eggleston, of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

SMOOTH MAN

CASHED WORTHLESS CHECK FOR FORTY-FIVE DOLLARS.

Appeared to be Prosperous Farmer—The Check Was Signed "Will Shannon."

Several days ago a man having every appearance of a prosperous farmer presented a check for \$45 drawn on the Frazeyburg National bank in favor of "Will Shannon," and indorsed the same name. The check was paid and on Thursday was returned to the Peoples bank, "protested for want of funds," as no such account was carried by the Frazeyburg bank.

Other checks have since turned up in various parts of Central Ohio with the same signature that have been cashed by the smooth stranger.

AN ENJOYABLE LECTURE

"The Heroism of a Private Life," was the subject of the lecture given by President Russell H. Connell, at Taylor Hall, Y. M. C. A., last night. Notwithstanding the fact that much was expected because of the renown of Mr. Connell as a great lecturer, it is safe to say that those who heard him none were disappointed. The speaker gave a recital of the history of the Italian patriot, Daniel Thann, and by the force of his own strong personality and fine eloquence, he made it a story, which in the hands of an ordinary speaker, would have seemed uninteresting and dry to the average audience. A most interesting narrative, and though he spoke for more than two hours, there never was a moment when he did not have intense interest of the entire audience. Many times during the lecture the enthusiasm of his hearers was given expression by applause. The lecture was intensely patriotic, and of a high order, such as the American people cannot have too much of, and the lecture committee confer a favor upon the community by bringing to us such men as Russell H. Connell.

"THE HOOSIER GIRL."

Conventionality in play building thrown to the winds; away from the beaten paths; no wronged heroine, no mortgaged farm, no snow storm, no threshing machine, no basking bee, but an absolutely new, original and up to date theme; sturdy characters that are a delight to behold, their portrayals so utterly untheatrical and realistic, so true in every tone and gesture that the total effect is a continuous performance of joy and joy. Auditorium, Saturday, December 10, matinee and night.

HOWARD-DORSET COMPANY

The Howard-Dorset company has achieved a reputation for making most finished representations of the plays it produces, and the high standard of last season while playing a week stand at the Auditorium has stamped the company as being the most popular repertoire organization that visits Newark. Every stand this company makes it leaves a lasting impression, and its popularity seems to increase from year to year. Some of the plays that they will produce are "The Boy Trump," "A Noble Sacrifice," "A Trip to Bomba," "Why Jones Left Home," etc. Specialties between the acts filled to an overflowing with all that is unique, bright and up to date. Ladies will be admitted free Monday night under usual conditions. All next week.

Chicago, Dec. 9.—"My charge of bribery in connection with the passage of the Ravenswood elevated railroad ordinance is only a beginning of what I have to reveal. I will follow the charge up with revelations which will startle the public." This statement was made by Alderman Hubert W. Kentuckian Missing.

St. Louis, Dec. 9.—Relatives of Charles L. Mason, a wealthy young coal dealer of Paducah, Ky., who disappeared in this city Nov. 19, after coming here from Chicago believe he met with foul play. He wore diamonds worth several hundred dollars, and is believed to have had between \$700 and \$1,000 with him. Detectives placed on the case the day after Mason's disappearance have failed to find a clew of the missing man.

It is said that Mr. Cortelyou will not resign the position of chairman of the Republican National committee when he becomes postmaster general next March. A precedent for this was urged in the case of the late Postmaster General Payne, who continued as vice chairman of the committee after entering the cabinet. The precedent is, however, not one which should be followed. The postmaster general will have enough to do to attend to the duties of that office without adding those of the Republican National chairmanship. The bad taste of the combination of these offices is also evident. If President Roosevelt shall permit Mr. Cortelyou to carry out this alleged program he will certainly do great discredit to his professed desire for a most efficient civil service.

Some interesting evidence is promised in the case of Senator Smoot of Utah, if the subpoenas now out for witnesses are honored by the appearance of the latter before the senate investigating committee. Thus far it is said only eight of the 33 subpoenas have been served. Two of them are for the recorder of the Salt Lake temple, who keeps a record of all the marriages performed, and the other for the secretary of the Mormon church publications. These two men are expected to give important testimony on the subject of plural marriages and the general attitude of the church on the subject. Whether they will appear before the committee cannot be said. The men and women who are fighting for the exclusion of Senator Smoot from the senate are evidently determined to leave no stone unturned to accomplish that end.

Has the Time Come?

(Pittsburg Post.)

In his letter accepting the nomination for the presidency Mr. Roosevelt said of the tariff: "From time to time schedules must undoubtedly be rearranged and readjusted." The greater body of the people of the United States believe that the time for rearrangement of the schedules is ripe, and President Roosevelt limited it by only qualification, that the work should be done by the party in power. This was accepted as a fact in current politics. It must be done by the party in power or not done at all. The Republican party has an overwhelming majority in all departments of the Government. There can be no dispute on that point, or that the pledge has been made, as in the words of President Roosevelt, that the tariff schedules must undoubtedly be rearranged to meet changing conditions. In view of his statement of undisputed facts it is remarkable that in his eagerly expected annual message, in which the subject could be dealt with pertinently and properly, and that such treatment was called for by the people and virtually promised by the President and his party, such judicious treatment is ignored, as if the existence of the demand was a fiction that had no place in the requirements of the hour or the time.

This marks a lamentable falling off in the President's pledges, the admission of necessity, and the President's performance of his volunteered duty. There can be only one reason—that the political influences surrounding the executive, and especially the influences that contributed the material aid needed at the election, barred the way to such "rearrangement and readjustment" of duties. The old plan of spoliation and syndicated or trust profit must continue, and this carries with it the declaration that American producers must be plundered as they have been in the past and to the monetary advantage of foreign manufacturers. It is the most iniquitous and corrupt provision of our existing

tariff arrangement, and President Roosevelt has been forced into giving it his approval by ignoring the demands for reform, rearrangement and readjustment of existing tariff rates. No improvement can be expected in this quarter from presidential power. His pledges and the requirements of the country are ignored.

But the important fact is not to be forgotten that the political pendulum in this country has a way of swinging backward and forward, and that in 1890, following the Republican tariff success in 1888, a great swing of the voting pendulum resulted in a tariff reform victory that in its marked and decisive character eclipsed all other contests in this country. This was duplicated at the presidential election in 1892. About two millions of Democrats in the United States failed to vote at the recent election. There was another swing of the popular pendulum. It will right itself in time, and President Roosevelt gives it abundant provocation in his ignoring of the pledges made before the recent presidential election.

WORLD FAME

SUPERIORITY OF VINOL, THE NEW COD LIVER OIL PREPARATION.

Recognized by the Greatest Authorities Not Only in America but in Europe.

"Good news goes fast," said Mr. Hall yesterday, talking to a reporter about that wonderful new cod liver oil preparation, Vinol, which contains all the valuable medicinal principles of that famous remedy, but no oil, and concerning which so much is heard nowadays. "Why, besides being talked about in prominent papers in America, its principles have been discussed in the 'Lancet' of London, England, the greatest medical publication in the world.

"This will show you what the great men of the old world think of the Vinol idea. The editor of the Lancet says:—
"Recent investigation has led to the isolation of several distinct bodies in cod liver oil, notably amongst which are the alkalis. (We call them medicinal curative principles.) These principles have been tested faithfully and the results from the subject of the exclusive report by Gautier and Morgues in the Journal de Pharmacie, who concluded that the combined active medicinal principles of cod liver oil act as powerful stimulants of nutrition and assimilation, and show definitely the nature of the principles to which the oil owes its valuable medicinal properties.

"This report proves that the real merit of cod liver oil was due to the alkalis contained therein. Now it is these valuable alkalis or active medicinal principles, as we call them, that are contained in Vinol, which make it the most scientific and valuable preparation of cod liver oil known to medicine."
"And the best part of all this is," continued Mr. Hall, "it is not only the world's physicians who are enthusiastic, but the people who take the remedy. It doesn't take but a minute to find out that Vinol is delicious to the taste, then the patient soon realizes its advantages. It does good so much more quickly, and accomplishes the desired end in a much more marked manner than cod liver oil in its crude form was ever able to do.

"Oh, yes, of course I consider Vinol a great success," continued Mr. Hall. "How can it be otherwise? A discovery that has made it practical to prescribe the greatest known medicine for all wasting diseases in a concentrated and doubly potent form and as delicious tasting as a fresh orange surely must be successful." Frank D. Hall, druggist.

Washington, Dec. 9.—Mr. Triana, Colombian charge d'affaires, presented his credentials to Secretary Hoar and informed him that he would remain in Washington this winter temporarily in charge of the legation. Unofficially Mr. Triana has heard that Senator Enrique Cortez will be appointed Colombian minister at Washington. Mr. Triana has no instructions to open negotiations regarding several islands off the isthmus which, it is said, Colombia desires to sell to the American government.

VAN VOORHIS

CAPTAIN OF DENISON'S STRONG FOOTBALL TEAM

Will Go to Ohio State Next Year and Will Undoubtedly Play—Has Another Year.

Fulton Van Voorhis of Newark, captain of the 1904 football eleven of Denison university, will go to Ohio State next year for post graduate work and will undoubtedly play for the scarlet and gray. The Columbus Citizen said "Thursday evening."
"Word from the Denison university football camp is that Captain Van Voorhis, who has been one of the mainstays of the eleven there, will play with the scarlet and gray team next season. He is rated as one of the best quarterbacks in the state. Van Voorhis graduates from Denison this year and will enter Ohio State for post-graduate work. He has played but three years and will therefore be eligible for one season at the local university.

"It is his intention to don the mole-skins upon entering State and try for the university eleven. That he will land is a foregone conclusion."
"To his cool-headed work as field general much of Denison's success the past three years has been due."

IS NOT GUILTY

GEORGE H. KETCHAM, CHIEF OF CRESCUS, SO DECLARED.

Board of Appeals Says the Evidence Fell Short—The Board's Finding.

Chicago, Dec. 9.—George H. Ketcham of Toledo, O., was found not guilty of establishing a fraudulent record for his trotting stallion, Crescus, at the Wichita (Kan.) track on Oct. 19, 1903, after a hearing of the case before the board of appeals of the American Trotting association here. The board declared that the evidence fell short of sufficiency in the claimed fraudulent agreement for an illegitimate record, so far as Mr. Ketcham was concerned. While freeing Mr. Ketcham from the charge, the board found the officials of the Southern Kansas Fair association, on whose track the race was run, guilty of connivance to establish a fraudulent record, expelling from the American Trotting association President C. H. Irwin and all the other officers connected with the Wichita track at that time. The expulsion of these officials also means that the world's record for trotting stallions of 1:59 2/5, claimed to have been made by Crescus, is not allowed by the board.

TEN TEAMS RACING AROUND SAUCER TRACK

New York, Dec. 9.—Ten teams are racing around the saucer-shaped track today, in an endeavor to capture the laurels of the six-day bicycle race. The pace and strain was the cause of Sutkins and Rockowitz dropping out.

Vanderstuyft and Stal and Root and Dorion were tied at noon, each team having 1875.1 minutes credit.

The value of cotton imported during 1903 into Spain was about \$1,000,000 short of that received during the preceding year, but this will hardly cause surprise when the conditions of the American cotton market are borne in mind.

CHRONIC SORES

Wheeling, W. Va., May 28, 1903. Some years ago while at work, I fell over a truck and severely injured both of my thighs. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were healed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated, nor have the sores ever broke out again. Some 12 years have elapsed since what I have described occurred. Having been significantly benefited by its use I can heartily recommend it as the one great blood purifier.

JOHN W. FUNDIS.

Care Schmittback Brewing Co.

Chronic sores start often from a simple scratch, bruise or boil, and while salves, washes and powders are beneficial, the unhealthy matter in the blood must be driven out or the sore will continue to eat and spread. S. S. S. reaches these old sores through the blood, removes all impurities and poisons, builds up the entire system and strengthens the circulation. S. S. S. is a blood purifier and tonic combined. Contains no mineral whatever but is guaranteed pure. If you have an old sore write us and our physicians will advise without charge. Book on diseases of the Blood free.

Washington, Dec. 9.—To connect the canal zone on the isthmus of Panama with the United States by cable is the purpose of a bill introduced by Representative Wanger of Pennsylvania. The bill provides for the construction and operation of such a cable under control and direction of the postmaster general, the secretary of war and the secretary of the navy, to be laid by American ships, provided the cost of an American-made cable will not exceed by 10 per cent the cost of a foreign-made cable. The total cost of the cable is fixed at \$2,000,000, and \$200,000 is made immediately available for its construction.

In the Senate.

Washington, Dec. 9.—The senate held only a short session, and adjourned until Monday. An attempt to secure consideration of the pure food bill was defeated by a demand of Mr. Aldrich that the bill be read at length, which brought an objection from Mr. Tillman, who did not want the time consumed. Mr. Tillman brought the case of William D. Crum, the colored man nominated for collector of Charleston, S. C., into prominence by asking for a report of the committee on judiciary as to the status of recess appointments.

The market will begin Saturday morning at 7:30 o'clock, and will be held in the W. C. T. U. rest rooms, over Metz Bros. meat market. Bread, pies and cakes will be on sale.

At the meeting to be held on Tuesday afternoon Mrs. Maxwell, superintendent of Red Letter Days, will be in charge, and the subject will be Crusade Day and Peace Day.

FIRE MARSHAL

SENDS A DEPUTY HERE TO LOOK INTO THE KIEFER BLAZE.

No Arrest Made, But Officers are Vigilant—Four Witnesses Were Examined.

After the Central fire department was called to the John Kiefer storage room Thursday for the third time since November 23, Fire Chief Louis Bausch, satisfied that the trouble was of incendiary origin, stepped to the telephone and called the office of the State Fire Marshal at Columbus.

In response to Mr. Bausch's request Mr. C. E. Ellis, a deputy marshal, came to Newark on the first trolley car and spent the afternoon in investigating the case. Mr. Ellis examined four witnesses and at the conclusion of his work had a conference with the local authorities. While no arrest has been made, the officers are keeping a sharp watch along certain lines, and in case further incendiary fires are started "something may be doing."

On Nov. 25 at 2:35 p. m. the department was called to Mr. Kiefer's place of business, and about two hours later was again called to the same place. Again on December 7, the Central department was summoned to this place, a blaze having started in the storage room. The damage done was not heavy, but this was due to the prompt work of the fire department.

The State Fire Marshal's office was created for the protection of property of the state. The office is provided with about 25 deputies living in different parts of the state and these men investigate every incendiary fire that comes to their notice. In all towns and cities provided with fire departments it is the duty of the fire chief to report suspicious cases, and the department spurs no expense in conducting an investigation.

The insurance companies are taxed one-half of one per cent of their gross premiums for the purpose of paying the expenses of the department, and a prominent insurance man said yesterday that the insurance companies had found the department a paying investment.

"The companies have saved more than enough," said he, "than necessary to pay this extra tax. When after investigation by the department it has been found that a man burns his property to obtain the insurance, he receives no benefit and the insurance companies save just that much."

Mr. Ellis was asked if an arrest would be made in the Newark case. He replied that none would be made at the present time.

For all who know Mr. Kiefer it is unnecessary to add that Mr. Ellis said that he carried no insurance and therefore there was no motive for him to set his own property on fire. Mr. Kiefer much appreciated the visit of the deputy fire marshal as he is more anxious than any other person to see the fireling caught.

JACOBSES KEEP THE RICE GIRL

Decision Rendered in Habeas Corpus Suit by Judge Irvine
---Grocer Charles Vanatta Assigns---Really
Transfers---Court News.

Mr. and Mrs. Hiram Jacobs, No. 15 Conley Alley, South Newark, will be allowed to retain possession of little Hazel Rice, the 13 year old daughter of Mr. and Mrs. John Rice, No. 86 Valley street.

This is the decision of Probate Judge W. A. Irvine.

Several days ago Mrs. Rice commenced habeas corpus proceedings in probate court to obtain possession of her child, who had been a member of the Jacobs household for the past twelve years. Mr. and Mrs. Jacobs, who have no children of their own, naturally regard the little girl who has spent practically her whole life with them, as their own daughter, and they stoutly resisted the mother's effort to take her away.

The case was fought out in court between Smythe & Smythe, representing Mr. and Mrs. Rice, and Frank A. Bolton and B. F. McDonald, representing Mr. and Mrs. Jacobs.

The Jacobses are delighted with the decision, and so is the little girl, who had no desire to leave the only home she had ever known.

Charles Vanatta Assigns.

Charles L. Vanatta, a prominent grocer, corner of Fourth and Church streets, has made an assignment of his property to Attorney Ralph Norpell, for the benefit of his creditors. The assets are approximately placed at \$2,000, while the liabilities are not known.

Court House Notes.

The will of George F. Stephan, deceased, of Newark township, has been admitted to probate.

A transcript from the docket of Mayor A. J. Crilly in the case of the State of Ohio against Fred Harris, charged with highway robbery, has been filed in the office of the clerk of the court.

Wm. D. Rutledge by his attorneys, Hunter & Hunter, has commenced suit in the Common Pleas court against Harry Snelling and Phely C. Snelling to recover judgment on two promissory notes, one for \$32.42 and the other for \$100, with interest at 8 per cent.

The case of George Penny against E. P. Whitehead, settlement on a contract is being heard before Squire Lake this afternoon.

In the case of John Tucker against Frank and Rose Mabrey, suit for \$43 for rent, the defendant filed a counter claim. The matter was heard before Squire Lake and a jury. The jury disagreed.

Clyde Cock, who was arrested for train jumping, was tried before Squire Lake and fined \$5 and costs. In default of payment he was sent to jail.

William Thompson was arrested on Friday afternoon on an affidavit sworn out by Millie Neibarger, charging him with failure to support his minor children. The hearing was to have been had this afternoon, but an effort is being made by the parties to settle the matter.

The trial of the case of Prof. C. B. White against H. W. Peters and Geo. Covert, who are charged with cutting down a tree on the lands of the late Edwin Smett, has been set for hearing before Squire Lake on Wednesday December 14 at 1 o'clock p. m.

In the case of E. M. Bennett, who is charged by S. E. Cripps with operating a bucket shop, Bennett appeared before Squire Atcherley and gave bond in the sum of \$300 for his appearance on Saturday, December 7, at 1 o'clock.

Order to Sell Property.

In the case of E. L. Weissgerber, administrator, with will annexed of the estate of William G. Tafel, deceased, against Elizabeth J. Tafel and others, the plaintiff has filed a petition in the Probate court asking for an order to sell certain real estate in Newark; that the Home Building Association of Newark has, or claims to have, a lien on the premises by reason of certain mortgages given by Tafel and wife. The plaintiff asks that the dower of Elizabeth J. Tafel be assigned and set off to her in the premises, and that the Home Building Association be required to set up in answer the mortgage lien on the premises, and that he be authorized and ordered to sell the premises subject to the dower in the estate as the statute in such cases provides. Carl Norpell, attorney.

An Answer Filed.

In the case of E. L. Weissgerber, administrator, with the will annexed, of William G. Tafel, deceased, vs. Elizabeth J. Tafel and others, the defendant, Elizabeth J. Tafel has filed her answer. She says that she is the widow of William G. Tafel, who died on July 28, 1904; that she is 42 years of age; that she is entitled to dower in the real estate described in the petition, and she waives the assignment of her dower by notes and bonds and asks to have the court ascertain the value of her dower, and the amount so found by the court to be the value of the dower to be paid to her in money, and for all other relief to which she is entitled as the widow of Wil-

liam G. Tafel, deceased, either in law or equity. Carl Norpell, attorney.

Defective Shrapnel.

Mukden, Dec. 9.—The Russians have experienced much difficulty with their shrapnel, which should have effectively checked the Japanese attacks during the battle of Shakh, but failed in many cases. Some of the consignments of shrapnel sent to the front appear to have been almost worthless, not from any radical defect in the Russian time fuse, as that has proved throughout the war to be a very satisfactory device, but from poor construction of the shells.

Marriage Promoter Arrested.

Chicago, Dec. 9.—Oscar Wells, alias J. H. Hunter, said to have been a partner of James McCann, who was murdered in St. Louis by the bogus "Lord" Barrington, was arrested here charged with illegally operating a matrimonial agency. The police say Wells served a jail sentence at Indianapolis for a similar offense.

Count D'Abzac Dead.

Paris, Dec. 9.—Count Paul D'Abzac, former French consul at New Orleans and consul general at New York, is dead.

CATARRH

Cannot be cured by Sprays or other Local Applications.

Catarrh is not, as is generally believed, a local disease, but is due to serious causes deep-seated in the blood. Blood Taint and Lowered Vitality are the conditions which give rise to Catarrh and sprays, washes, smoking preparations or other local remedies cannot do more than temporarily relieve the symptoms and can never reach and cure the disease itself. Many doctors direct their efforts to relieving the mere symptoms of Catarrh, treating it as a strictly local disease and totally losing sight of the real causes that underlie the outward signs of this malady. Catarrh, if not promptly arrested and cured, may cause consumption or lead to very serious diseases of the digestive organs.

Botanic Blood Balm (B. B. B.) cures Catarrh quickly, thoroughly and permanently. Its curative properties act directly on the blood, driving out the poison, purifying and strengthening the whole system. It relieves immediately the disgusting symptoms of Catarrh, such as hawking, spitting, nose bleeding, ringing in the ears, the dropping of catarrhal matter into the throat, sick stomach, etc. It absolutely and permanently cures all forms of Catarrh—Catarrh of the Nose, Ear, Throat, Eyes, Lungs, Stomach, Liver or Kidneys. If you have any of the symptoms of Catarrh, don't waste time and money on worthless local remedies but get B. B. B.—the medicine that is guaranteed to cure.

SECURITIES ARE WORTHLESS

(Continued from page 1.)

Signed by one Carnegie, not the great steel magnate, but by a relative of his. That will be the line of defense under any forgery charge that may be brought. I cannot give the name of my informant, but he is a prominent man, who, I am sure, knows what he was talking about."

STATEMENT MADE

By Mrs. Chadwick in Which She Denies Relationship to Mrs. York. What She Says.

New York, Dec. 9.—Mrs. Chadwick was interviewed by a newspaper representative before being transferred to the Tombs. In reply to questions she said Mrs. York of San Francisco was neither her sister, half-sister nor sister-in-law; that they had been raised together. Asked if she had anything to say about Mrs. York's statement that she is Madame Devere, Mrs. Chadwick replied:

"I have made absolutely no statement about this Madame Devere business from beginning to end. Out of justice to my little boy I would not do it at the present time. I don't think that any responsible person would pay any attention to a statement made by Mrs. York. If I had a sister or a brother who was in trouble, no matter what the past might have been, if I could not do him or her good I certainly would shield him or her from harm. The newspapers possibly have written up a great sensation, but I wish you to say that Madame Devere's whereabouts and everything else in connection with this case will be shown in a very short time."

Referring to the run on the Wade Park bank, Cleveland, and the failure of the Oberlin bank, Mrs. Chadwick said:

"Mr. Newton brought this lawsuit against me on Monday. On Tuesday and Wednesday they had a run on the Wade Park bank. Of course that frightened the people because of the enormous amount of the lawsuit, \$210,000. That was a very large amount in a little city of only about 400,000 inhabitants. The depositors of the Wade Park bank became alarmed that the bank was going to be ruined, when in reality I only owed the bank \$17,000, and it was one of the best and most conservative banks in Cleveland. No, I am wrong; it was Friday the run commenced on the Wade Park bank. Then, following that, one of Newton's notes was in the Oberlin National bank. On Saturday evening the Oberlin bank opened to receive deposits, according to its custom, from 6 to 8 o'clock. The depositors in that bank read the sensational story that I owed the Oberlin bank. They rushed into the bank on Saturday night and instead of making deposits commenced to draw their money out. It was a small country bank and only had on hand \$11,000 or \$12,000 in cash. The other money belonging to the bank was in the Cleveland bank, and it being Saturday night, they were closed up. The depositors drew heavily that night. Some came in with a check. I think it was for \$2,800 or \$3,800, and they did not have money enough to pay. Therefore they had to close the bank. I would not like to live a minute if I did not think I could pay these poor people back. I have asked Emil, my son, if anything should happen to me, that he would do everything to see that the obligations were paid."

Mrs. Chadwick declined to discuss the alleged Carnegie notes.

THE CAREER OF MRS. CHADWICK

Born in 1857, at Eastwood, Ont., one of the eight children of Daniel and Mary Ann Bigley.

Arrested and tried as Elizabeth Bigley, at Woodstock, Ont., in 1879, and acquitted of a charge of forgery, on the ground that she was insane.

Appearance in Cleveland as Mrs. Lydia Bigley in 1882, and borrowed money by mortgaging her sister's furniture, under the name of Mrs. Alice M. Bestedo and other aliases.

Married Dr. W. S. Springsteen, 3 Garden street, October 21, 1882, after surrendering her clothing to a money lender.

Eleven days later her husband, having forced her to confess her crooked transactions, ordered her from his home.

Attempted, in 1883, to collect \$5,000 from Springsteen as price of separation.

Reported dead and buried, in a letter to friends in Erie, Pa., who knew her as "Mazie."

Two months later, as Mme. La Rose kept clairvoyant resort at 359 Superior street, Cleveland.

Four months later moved to New York street.

October 3, 1884, sued for divorce, Dr. Springsteen replying with cross-petition, charging infidelity, supported by affidavits of two men, and obtaining a divorce on that ground.

In 1886 lived at boarding house kept by Mrs. Hoover, at 122 Euclid avenue, calling herself Mrs. Lydia D. Scott.

In 1887 appeared in Toledo as Mme. or Lydia Devere, and obtained \$12,000, by forgery and other means, using Jos. Lamb, an express agent, as her dupe.

January 12, 1890, arrested with Lamb on indictments charging forgery. Lamb was acquitted on the ground that her hypnotic influence had rendered him irresponsible. She was convicted and sentenced to the

Columbus penitentiary for nine years and six months.

From 1890 to 1893 she was a convict at hard labor, sewing convicts' shirts. In 1893 released on parole through clemency of Governor William McKinley.

In 1894, calling herself Mrs. C. L. Hoover, she lived with her mother and sister, and a son of about 5 years, making herself conspicuous by her extravagance.

August 26, 1897, about the time she was released from responsibility to the penitentiary, she married Dr. Leroy S. Chadwick, at Windsor, Ont.

She continued to occupy the Chadwick homestead, at 1824 Euclid avenue, where her husband, soon after their marriage, took his daughter and went to live in Europe.

She obtained vast sums of money from unknown sources, squandered vast sums in unparalleled extravagance, canvassed the banks in northern Ohio in search of loans, accumulated debts estimated at from \$600,000 to \$1,000,000, and lived in luxury in the Euclid avenue mansion until November 2, 1904, the suit of H. B. Newton to recover loans of \$156,800 exposed her operations, closed the Oberlin Bank, through the president of which she had obtained \$240,000. Then she went to New York.

Mrs. Chadwick visited Newark about two years ago and is well known to a number of people here. She tried to borrow money at banks here but was refused. Later she obtained a sum of money believed to be less than \$4,000 from a former Newark man.

Mrs. Chadwick was arrested on the night of December 7 and on December 8 her bail was put at \$15,000. Her hearing takes place December 17.

Failing to give bail Mrs. Chadwick was sent to prison Thursday night.

CHORUS GIRL

In Maid and Mummy Show Became Ill at Zanesville—A Case of Poisoning.

Zanesville, O., Dec. 9.—Miss Roberts, a chorus girl with "The Maid and the Mummy," which appeared at the Weller theatre Wednesday evening, was taken ill at the opening of the second act of the play at the theatre and her condition appeared to be serious. Dr. J. G. F. Holston, Jr., who was in the audience, was called on the stage and found the young woman, suffering from poisoning. The physician worked with the young woman for some little time and later she was removed to her room at the Kirk hotel. She was not able to continue Wednesday night.

On both Tuesday and Wednesday several of the members of the troupe were taken ill in a similar manner to Miss Roberts, though none were so violently ill as the young woman. Members of the company are inclined to blame their illness to something they ate or the water which they drank at Newark. Dr. Holston, who attended Miss Roberts, stated that the young woman appeared to have eaten something poisonous. The company came to this city from Newark, where they appeared Tuesday evening. They appeared in Wheeling, W. Va., Monday evening and last week spent the entire week in Columbus.

The company left at noon Thursday for Sandusky. Miss Roberts had sufficiently recovered by that time to accompany them.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."—MRS. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced. Here is another case:—

"DEAR MRS. PINKHAM:—For years I was troubled with falling of the womb, irregular and painful menstruation, leucorrhoea, bearing-down pains, backache, headache, dizzy and fainting spells, and stomach trouble.

"I doctored for about five years but did not seem to improve. I began the use of your medicine, and have taken seven bottles of Lydia E. Pinkham's Vegetable Compound, three of Blood Purifier, and also used the Sanative Wash and Liver Pills, and am now enjoying good health, and have gained in flesh.

I thank you very much for what you have done for me, and heartily recommend your medicine to all suffering women."—MISS EMMA SNYDER, 218 East Center St., Marion, Ohio.

"FREE MEDICAL ADVICE TO WOMEN."

Women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any distressing symptoms appear. It is free, and has put thousands of women on the right road to recovery.

Mrs. Pinkham never violates the confidence thus entrusted to her, and although she publishes thousands of testimonials from women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the writer.

A. A. Griggs
COMPANY

A GOOD CUSTOMER

OF FORMER NEWARK MEN WAS
MRS. C. L. CHADWICK.

In Two Years She Bought Seventeen
Carriages, Including Four Autos
From Price Bros.

Mrs. Cassie L. Chadwick, the woman whose actions in renounced finance have amazed the entire country, was one of the best customers of the Price Brothers, former Newark men who are now carriage dealers in Cleveland.

A well known Cleveland man who was seen by an advocate man in Columbus yesterday said that in the past two years the Price Brothers have sold Mrs. Chadwick no less than seventeen vehicles, including four fine automobiles, and they were paid for, too.

This same man explained how Mrs. Chadwick "worked" the Wade Park bank. She had been a customer of the bank, and large sums of money were deposited and checked out by the woman. In the bank she sustained her reputation as a very rich woman. One day she hurriedly went to the bank and told Mr. Reynolds that she was off that afternoon for Europe and desired him to place a package of stocks worth \$5,000,000 in the strong box of the bank. She hurried away after delivering the package, and later, just before taking a train for the east, sent word that while it was unnecessary, it would probably be better for her to have a receipt for the valuable papers left in charge of the bank. Without hesitancy this receipt was given and later developments show that the receipt was used elsewhere as a basis of credit.

Mrs. Chadwick was very smooth.
